REQUEST FOR PROPOSALS For Right-of-Way Acquisition Services for the Expansion of the City of Lake Oswego's Water Supply System

Sealed Proposals to provide Right-of-Way Acquisition Services for the Expansion of the City of Lake Oswego's Water Supply System, Work Order 120, will be received by Joel B. Komarek, P.E., Project Director, at the reception desk of the West End Building at 4101 Kruse Way, Lake Oswego, Oregon, 97035 or via US Mail at PO Box 369, Lake Oswego, OR 97034 until 4:00 pm, local time, on Thursday August 26, 2010. Proposals must be contained within a sealed envelope clearly marked "Proposal for Right-of-Way Acquisition Services City of Lake Oswego Water System Expansion".

Scope of Work: The scope of work for the requested services is based on the Oregon Department of Transportation's RIGHT OF WAY & RAIL/UTILITY COORDINATION CONTRACTOR SERVICES GUIDE as modified by the RFP. Representative services will include: right of way services administration, right of way engineering, right of way cost estimation and programming, title, appraisal and appraisal review, negotiation, settlement/ condemnation, closings, certification, and taking possession.

The full Request for Proposals document can be obtained free of charge at the City of Lake Oswego, Lake Oswego-Tigard Water Partnership, 4101 Kruse Way, Lake Oswego, Oregon, or by calling Susie Shinn at 503.534.5741, or the full Request for Proposals will be available electronically beginning at 10:00 am on July 22, 2010 through Willamette Print and Blueprint ("WP&B") as follows:

Log onto the following website: http://www.wpbinc.com/content/digital_planroom. Click the link to "project information" to read or download the full solicitation document for the project.

No fee will be charged for downloading the RFP however, charges will apply to firms who download copies of reference documents as listed in the "digital planroom" for this project. To access documents for downloading in the digital planroom, firms must contact WP&B to establish their unique user name and password. Once the user name and password are established, firms may review and/or download project reference documents as they prefer.
